

# **Performance Lubricants & Coolants**

Racing Coolants #10078-10082

## Material Safety Data Sheet

Meets OSHA Standard 29 CFR 1910.1200(g)

Effective Date: August 6, 2008

### Section I: Identification and Emergency Information:

Trade Name: **Two2cool Racing Coolant**

### Section II: Composition /information of ingredients

#### Hazardous Materials Identification System (HMIS)

Health	0
Flammability	0
Reactivity	0
Special:	None

#### Hazard Rating Scale:

Minimal	= 0
Slight	= 1
Moderate	= 2
Serious	= 3
Severe	= 4

**HAZARDOUS COMPONENTS: None**

### Section III: Primary Routes of Entry

#### Emergency Information, and First Aid Procedures:

**Eye Contact:** May cause eye irritation. Flush with large amounts of water for 15 minutes, lifting upper and lower lids occasionally. Get medical attention.

**Skin:** May cause skin irritation. Thoroughly wash exposed area with soap and water. Remove contaminated clothing. Launder contaminated clothing before reuse.

**Inhalation:** May cause upper respiratory irritation..

**Ingestion:** Do not induce vomiting. Keep person warm, quiet and get medical attention. Aspiration of material into the lungs due to vomiting can cause chemical pneumonitis. Give large quantities of water. Get prompt medical attention. Do not give anything by mouth to an unconscious or convulsing person.

### Section IV: Fire and Explosion Hazard

#### Information:

**Flash Point:** undetermined. Not considered flammable

#### Extinguishing Media and Fire Fighting Procedures:

CO2, dry chemical, foam

### Section V: Health and Hazard Information:

#### Effects of overexposure: (Signs and Symptoms):

May cause slight eye, skin or respiratory irritation. May be harmful if swallowed. May cause chemical pneumonitis if aspirated

#### Carcinogenicity:

NTP:	No
IARC:	No
OSHA:	No

**Section VI: Physical Data**

Boiling Temperature: Not determined  
Vapor Density (Air = 1) Heavier than air  
Evaporation Rate: Slower than ether  
Vapor Pressure: ND  
Specific Gravity: ND

**Section VII: Reactivity**

This product is stable and will NOT react violently with water. Hazardous polymerization will not occur. Avoid contact with strong oxidizing agents.

**Section VIII: Environmental Information:**

Dispose of in accordance with local, state and Federal regulations.

**Section IX: Protection and Precautions**

Ventilation: Whatever necessary to keep below TLV (100 ppm)

Respiratory Protection: Advised when TLV will exceed 100 ppm

Protective Gloves: Wear resistant gloves such as Neoprene as contact may cause drying of skin or dermatitis.

Eye Protection: Chemical splash goggles in compliance with OSHA regulations are advised.

Other Protective Equipment: Use chemical resistant apron or other impervious clothing, if needed, to avoid contaminating regular clothing which could result in prolonged or repeated skin contact.

Personal Hygiene: Minimize breathing vapor, mist or fumes. Avoid prolonged or repeated contact with skin. Remove contaminated clothing; launder or dry clean before reuse. Remove contaminated shoes and clean before reuse. Rinse thoroughly after contact, before breaks, meals, and at end of day.

**Section X: Transportation Information**

Not consider a hazard

**Section XI: Special Comments**

Nothing contained herein grants or extends a license, express or implied, in connection with patents, issued or pending, of the manufacturer or others. The information contained herein is based upon the manufacturer's own study and the works of others. The manufacturer makes no warranties, expressed or implied, as to the accuracy, completeness, or adequacy of the information contained herein. The manufacturer shall not be liable (regardless of fault) to the vendee's employees, or anyone for any direct, special or consequential damages arising out of or in connection with the accuracy, completeness, adequacy of furnishing such information.

All data, including the formulations and procedures discussed herein, are believed to be correct. However, this should not be accepted as a guarantee of their accuracy, and confirming tests should be run in your own plant or laboratory. No statement should be construed as a recommendation for any use which would violate any patent rights, nor any compliance regulations, local, state, or federal. Nothing contained herein shall constitute a guarantee or warranty with respect to the products described or their use.

The information contained herein is based upon data available to us, and reflects our best professional judgment. However, no warranty of merchantability, fitness for any use, or any other warranty is expressed or implied regarding the accuracy of such data, the results to be obtained from the use thereof, or that any such used does not infringe any patent. Since the information contained herein may be applied under conditions of use beyond our control and with which we may be unfamiliar, we do not assume any responsibility for the results of such application. This information is furnished upon the condition that the person receiving it shall make his own determination of the suitability of the material for his particular purpose. Consumer assumes all responsibility for compliance with local, state, and federal regulations regarding use of such product.
